DON'T gamble with your future at AIM!

On July 22nd, AIM Auburn terminated 50 people.

The company has shown their hand!

What we thought was only a rumor has turned out to be management's true plan to **"FIRE"** the majority of workers at each facility!

You are currently protected by federal law under the **National Labor Relations Act**. Without the Union, AIM's plan will move forward and you will **lose your PROTECTION!**

SECURE YOUR RIGHTS – VOTE YES and keep your federally protected rights!
